## Doha Academy – Salwa Branch Successfully Passes National Identity Quality Enhancement Evaluation

Doha Academy – Salwa Branch proudly announces that it has successfully passed the Ministry of Education and Higher Education’s National Identity Quality Enhancement Evaluation for the 2025–2026 academic year. The school received an overall rating of “Effective”, reflecting strong performance across all key evaluation domains.

The Ministry’s report highlighted several areas of excellence, including educational leadership, the integration of Qatari cultural and national identity, learner development, and family and community partnerships. The evaluators commended the school’s clear alignment with national values, its effective governance, and the variety of programmes and initiatives that promote cultural heritage and Islamic values.

“We are delighted with this positive outcome, which reflects the dedication of our educators, students, and families,” said Dr. Sheikha Aisha bint Faleh Al Thani, Founder and Chairperson of Al Faleh Educational Holding. “Doha Academy has always been committed to nurturing confident, responsible, and culturally grounded learners. This evaluation reaffirms our mission and inspires us to continue raising the bar.”

The Ministry also recognized the school’s strong community engagement, noting its active participation in national events, cultural activities, and partnerships with public institutions. The school’s programmes—such as value-based initiatives, cultural celebrations, and learner support systems—were acknowledged for their positive impact on student development.

With this positive result, the next evaluation will take place after three academic years, demonstrating the Ministry's confidence in the school's stability and overall performance.

For more than 25 years, Doha Academy has been dedicated to delivering a holistic education that upholds Islamic values, fosters academic achievement, and promotes global citizenship. This latest milestone further strengthens its reputation as one of Qatar's leading educational institutions.
