Celebrating success at Doha Academy – Salwa!

A huge congratulations to Year 6 students Abdullah Alalous and Hamza Sarour for securing the Gold Award in the Scientific Club's Researcher 9 Competition for outstanding Arabic writing.

Their achievement highlights strong student talent, commitment, and the encouragement of dedicated teachers across the school community.

A proud sporting achievement for Doha Academy – Salwa!

Maha Chaari (6SG) delivered an outstanding performance at the nationwide School Olympics Taekwondo competition held at Aspire Zone, earning a gold medal.

Her strength, discipline, and determination stood out throughout the event, with proud support from her PE teacher. A remarkable win and a true inspiration to the school community.

DOHA ACADEMY SALWA

At Doha Academy – Salwa, our students expressed a strong sense of empathy, unity, and belonging through meaningful activities inspired by solidarity with Palestine.

They created expressive artwork reflecting messages of support and recorded short videos sharing heartfelt words that highlight compassion and awareness. Together, these moments formed a powerful display of unity, where every student contributed as a voice of kindness and hope, carrying a message of understanding and humanity.

Students at Doha Academy – Salwa took part in an engaging Hajj experience, exploring the key rituals and significance of Hajj through interactive activities and role-play.

The experience helped deepen their understanding of this important pillar of Islam while reinforcing values of faith, unity, respect, and devotion. It was a meaningful opportunity for students to connect learning with practice and strengthen their appreciation of Islamic teachings.

Our young learners at Doha International Kindergarten enjoyed a fun-filled Animal Dress-Up Day, arriving dressed as their favourite animals and bringing the animal kingdom to life. Through storytelling, music, and engaging activities, the children explored different animals and their habitats while celebrating creativity, imagination, and learning.

A sea of black and white filled Doha International Kindergarten as our little learners took part in a special themed day dedicated to these contrasting colours. Through engaging activities, creative experiences, and playful exploration, the children learned about patterns, similarities, and differences while enjoying a day full of discovery and fun.

Our little learners at Doha International Kindergarten enjoyed a memorable Heritage Day, celebrating the rich cultures and traditions that make our community so unique. Through traditional dress, interactive activities, and cultural exploration, the children learned about different customs and the importance of respect, inclusion, and appreciation for others. The day was a joyful reminder of the diversity that brings us together.

A special Hajj Experience at Doha International Kindergarten gave students the opportunity to explore the rituals and significance of Hajj through interactive learning and role-play. The activity encouraged a deeper understanding of faith, unity, and respect while creating a meaningful and memorable educational experience.

Palestine & Qatar Day at Doha International Kindergarten offered children a meaningful opportunity to celebrate the cultures and traditions of both nations. Through engaging activities and creative expression, students explored themes of unity, kindness, and belonging while developing an appreciation for cultural diversity.

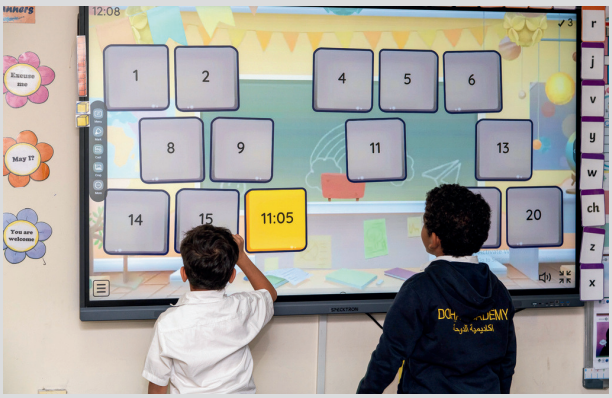

DOHA ACADEMY AL WAAB

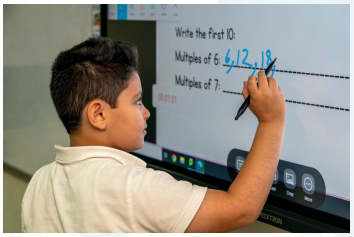

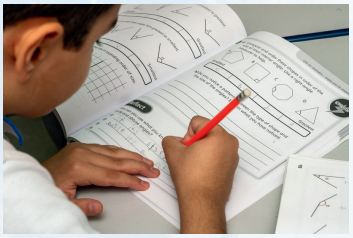

Doha Academy Al Waab Primary students enjoyed a library reading session filled with stories, imagination, and discovery. The activity nurtured a love for reading while supporting literacy skills in a calm and inspiring environment.

A lively and engaging Maths session took place at Doha Academy Al Waab Primary, where students participated in interactive games, problem-solving challenges, and hands-on activities. Through exploring numbers, shapes, and patterns, learners strengthened their critical thinking skills while collaborating and enjoying a dynamic learning experience.

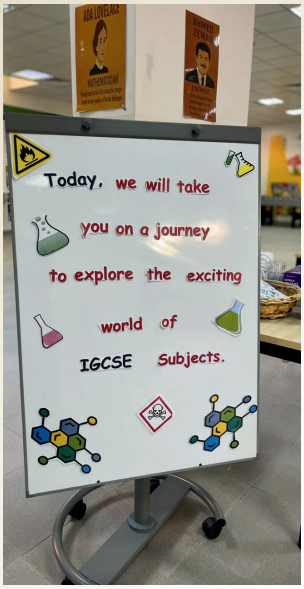

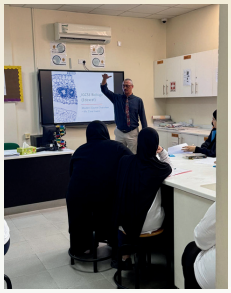

Year 9 students at Doha Academy Al Waab took part in the Options Event, exploring subjects through interactive booths and guided sessions. The experience helped them gain insights into their choices and begin shaping their future academic pathways.

Grade 8G1 students at Doha Academy Al Waab Secondary Girls brought science and architecture together during a Chemistry Lab session exploring the principles behind the Eiffel Tower. Through hands-on investigations, tower-building challenges, and collaborative discussions, students developed their understanding of structural stability, teamwork, and problem-solving in an engaging learning environment.
